ENGLISH GIRL WRITES THIRD WARD PUPILS

The pupils of the Martha Ridpath school have received a letter from an eleven year old English girl, Hilda York. The Junior Red Cross in each of the schools sent a box of toys to children in England. In this box each school wrapped their gifts separately and put the name of the school on them. They sent jackstones, balls, tooth brushes, wash clothes, and numerous other unbreakable objects last fall.

The letter written by the little Sussex, England girl is as follows:

Dear friend,

I want to thank you for your very fine presents.

You can guess that they came as a pleasant surprise to me.

You see it is very hard to get toys these days, but we do not mind, as long as we win the war.

I hope you like being in the American Junior Red Cross. I am learning all I can in The St. John Ambulance Brigade because it will be useful some day.

So once again I thank you for your lovely gifts.

Best of luck to you all.
Your sincere friend,
Hilda York

INTEREST IS HIGH IN HOME NURSING CLASSES

Each of the Home Nursing classes has had its first meeting and each member seems very much interested in these classes to improve the general health of the family. The members will also learn to do the right thing in case of sudden or prolonged sickness. Most of the instruction will be through the "learn-by-doing" method under the direction of trained nurses who have been certified by the American Red Cross. A "Red Cross Home Nursing Certificate" will be awarded on the satisfactory completion of the course.

Four of the instructors were able to attend the institute last week which was sponsored by the W. K. Kellogg Foundation. This institute was conducted along the lines of a workshop. This was the first time the camp was open to any nurse outside of the state of Michigan. There were forty nurses in attendance who were to be instructors in Home Nursing. Greencastle should

Defense Course Classes To Open

REGISTRATION IS SCHEDULED
AT HIGH SCHOOL BUILD-
ING THIS EVENING

Registration will be held at the high school building this evening for the defense training courses sponsored by Purdue University. These courses in engineering, science and management are open to men already employed or those seeking employment who are high school graduates or have the equivalent experience in industry.

About fifty men have already been trained by these courses this winter. Girls and women are urged to take these courses. During the next two years, industry will employ thousands of women. Many will be employed on assembly lines and inspection, others will be employed in office work where a knowledge of technical terms will be of value.

The courses offered will be: engineering drawing, a course leading to drafting room work and more efficient blue print reading; physical metallurgy, a study of metal source, refinement, composition of alloys, and use of them; emphasis will be given on zinc; engineering mathematics, a basic shop course in mathematics and physics, includes arithmetic, algebra, geometry and trigonometry; production engineering, a study of plant layouts and production methods, a course for those in management or prospective supervisors.

The purpose of these courses are to increase workmen's efficiency regardless of their jobs for the war effort. Registration will be held in room 6 from 7:00 to 9:00. Harold W. Stewart, local administrator, will answer any questions regarding these courses. Classes will probably start in two or three weeks.

Severe Fighting Rages In Burma

DEFENDERS STOUTLY RESIST
JAPS AND TAKE HEAVY
TOLL OF INVADERS

CHUNGKING, April 22 (UP)—Severe fighting raged on the Salween river front in Eastern Burma today where Lieut. Gen. Joseph W. Stilwell's Chinese defenders stoutly resisted strong Japanese attacks and took a heavy toll.

A special Chinese headquarters communique described renewed assaults by reinforced and mechanized Japanese units in the Southern Shan states, in the Bawlake and Loikaw areas. They were exerting "heavy pressure."

Another communique said a large Japanese force, led by armored cars, launched a northward drive April 18 in the Bawlake area west of the Salween and 37 miles below Loikaw.

"Chinese vanguards heroically resisted, and the fighting shifted to an area of thinly-populated and barren lands," it said. "During a heavy fog we inflicted heavy losses despite the enemy's use of mechanized equipment."

The communique termed casualties "heavy" and said many enemy corpses were "left on the battlefield."

MacARTHUR WEEK PROCLAMATION

WHEREAS: The Treasury Department of the United States has planned for a nation-wide campaign to secure from every person having regular income a voluntary pledge assuring the regular purchase of War Bonds in an amount to be designated by the pledgor, and

WHEREAS: The need of our government is great and the success of this campaign dependent upon a full understanding thereof and a whole-hearted individual response, and

WHEREAS: MacArthur Week will be conducted in Indiana in each city, town and rural area during the period from April 27 through May 2 under the direction of the local War Savings committee, and

WHEREAS: The success of MacArthur Week is a matter of local enthusiasm, effort and pride and should enlist the active cooperation of every citizen.

NOW, THEREFORE, I, W. D. James, Mayor of the City of Greencastle, hereby proclaim MacArthur Week an undertaking of great national import and urge the full and prompt cooperation of all citizens in signing a voluntary pledge for investment in War Bonds.

Done at Greencastle, Indiana, this 22nd day of April, 1942.

WAYNE TERRY PAINTING ON DISPLAY AT BANK

An original painting by Wayne Terry of the Greencastle high school which depicts a scene in a corner drug store is on display in the window of the Central National Bank. Terry was awarded first prize in painting and a gold medal at the annual state convention of high school art clubs in Richmond on April 18th.

Republicans To Assemble Tonight

CITY, COUNTY, AND TOWNSHIP
CANDIDATES WILL BE
INTRODUCED

Judge Marshall D. Abrams will address the Republicans of Putnam county on Wednesday night in the assembly room of the court house at 8:00 o'clock. The meeting is the regular monthly meeting of the Putnam County Republican Women's Club and is sponsored also by the County Republican Central Committee.

The program will include the introduction of county, township and city Republican primary candidates. This will afford the people of the community the opportunity to meet personally the candidates who seek their support on May 5th at the polls.

Music will be furnished by a quartet of high school girls, Roberta Buckner, Mary Buckner, Mary Pierce and Betty Scott.

Both men and women are invited to attend this meeting and a large audience is expected by the Judge of the Putnam Circuit Court.

THE HONOR ROLL

On this roll will be inscribed the names and subscriptions of all those who enlist in the chamber of commerce army.

It is right that the progressive people who support a useful organization with their faith and money should know each other. Like seeks like.

Whether your interest in the chamber of commerce is purely selfish, because of its influence on your own business; whether it is purely altruistic, because of your belief in the work it is doing for the city as a whole; or whether, as in most cases, you support it out of a combination of civic service and enlightened selfishness—no matter what the motives that prompt your support, enlistment in the chamber of commerce army is a stroke for the greater good of this city.

On the other hand, a failure to enlist now on the part of any one who can afford it is a confession of business and civic indifference.

This is no time for the evasion of a duty that is not only of general service but of personal benefit. It is a time for united action.

9 QUESTIONS TO BE ASKED NEXT MONDAY

FOURTH DRAFT OF NATION'S
MANPOWER SCHEDULED
ON APRIL 27

ARE BEYOND MILITARY AGE

All Men 45-65 Will Register And
Give Information As To Em-
ployment, Skill, Ability.

Only nine simple questions will be asked those men beyond the military ages who register on April 27, for classification as to their skills and aptitudes for war production activities. Colonel Robinson Hitchcock, State Director for Selective Service for Indiana, emphasized today.

Registration of the individual should require a comparatively short time, the director said, pointing out that the registrant will not be asked to fill out a questionnaire but must only answer interrogations about his identity, his place of residence, and his mailing address. Also he will be required to list his telephone, if any; his age in years and date of birth, place of birth, the name and address of the person who will always know his address, his employer's name and address, and his place of employment or business.

After a registrant has answered all questions and signed his name to the registration card, he will be given a registration certificate signed by the registrar. This certificate must be in the personal possession of the registrant at all times. Colonel Hitchcock warned. Failure to possess the certificate or to show it to authorized persons, constitutes a violation of Selective Service Regulations and is considered prima facie evidence of failure to register, it was stated.

SGT. O'HAIR IN ENGLAND

Sergeant Orville O'Hair of the Royal Canadian Air Force, son of Mr. and Mrs. O. M. O'Hair of Greencastle, is now stationed in England, according to word received by his parents and a card sent to employees of the Oakley grocery, where Sgt. O'Hair was formerly employed. Both cards carried British stamps and no return address. They were sent from a field base office somewhere in England. On the card sent to Mrs. Hanneman, cashier at Oakley's, he said, "Sure swell country over here and everybody is treating us very good—Tell the gang 'Hello'."

TEN BOMBERS PASS OVER CITY TUESDAY EVENING

Greencastle people got a fleeting glimpse of what a squadron of bombers look like late Tuesday when ten big ones flew over the city east bound. They were flying in close formation and were quite low, but were moving at war speed—as they were here a second and were soon out of hearing distance in the east.

RATIONING IS BIG THING

Kenneth E. West, chairman of the Putnam County Rationing Board, today said his board has received approximately 80,000 pieces of literature for the coming sugar rationing. They are being sent to the county clerk's office and distribution of the supplies will be made from there.

Vichy Reports Many Outbreaks

REIGN OF TERRORISM IS
SWEEPING FRANCE; NAZIS
TAKE MEASURES

VICHY, France, April 22.—(UP)—Lieut. Gen. Ernst Schaumburg, deputy German military governor of occupied France, announced today "a great number" of "communist" attacks on German troops, including one soldier killed yesterday.

In reprisal, Schaumburg announced a curfew on all movies, cabarets, music halls and theaters from 11 o'clock last night to 5 a. m. Friday, and said that "possibly" there would be further general punishment.

All restaurant orchestras are to remain silent during the curfew period.

Schaumburg's announcement was made less than 24 hours before the expiration of a German deadline for the arrest of the men who derailed a troop train near Rouen, killing 44 Germans.

Thirty hostages had been executed for the wrecking; 80 more are to die unless the wreckers are arrested by tomorrow.

Twenty men had been executed at St. Mair, on the charge that Frenchmen had aided British commando troops in their recent raid. Thirty-five had been executed at Calais because of sabotage activities by French patriots.

Schaumburg made his announcement of "communist" attacks only a few hours after Chief of Government Pierre Laval had paid his first visit to Paris since his return to power on a collaborationist program. He conferred yesterday with Otto Abetz, German envoy, and others.

(London reported that Laval was recruiting police for a big repression campaign and had already started to arrest "communists.")

(In the German-Vichy dictionary a communist is a patriot who does not co-operate with the Germans or puppet regimes.)

MEN'S FORUM HOST TO OTHER MEN'S GROUPS

The Men's Forum of the First Christian Church will be host to the men's groups of other Greencastle churches Thursday evening at 6:30 in the church dining room. It is hoped a large group will be in attendance.

Pursuing the course of Forum topics chosen at the beginning of the year, the program will be built around the subject "The Church in Civil War Days." This is the third of the series "The Church's Part in Developing The American Way of Life." Dr. W. W. Carson, of DePauw University, will be the speakers and resource leader.

Wilmer Albin, president of the Men's Forum will be in charge of the meeting.

Primary Voting Locations Listed

ANNOUNCED TODAY BY PUT-
NAM COUNTY BOARD OF
COMMISSIONERS

The list of voting places for the primary election was announced today by the Board of County Commissioners. Many are the same as have been used in past years and all of them are subject to change before May 5th.

In one case, South Third precinct in Greencastle, no place has been selected as yet but those living in that precinct will be duly notified. Many school houses are being used as well as private homes as has been done on past occasions.

Members of the board of commissioners are George Rice, Andy L. Cross, and Wallace Spencer.

Official War Communique No. 2 Re-
leased By Gen. MacArthur
From Australia

GEN. MACARTHUR'S HEAD-
QUARTERS, Australia, April 22.—(UP)—United States and Australian planes started numerous fires in a heavy attack yesterday on wharves and buildings at the Japanese base of Rabaul, in the Northwestern Island invasion zone Gen. Douglas MacArthur announced today in communique No. 2 of his general headquarters.

Allied planes had made direct hits on ships, wharves and airdrome runways and installations in a raid on Rabaul Sunday. They had attacked transports and moored flying boats with machine gun fire and, driving off Japanese fighter planes, had shot down one and probably damaged another.

In today's communique, MacArthur said the Japanese had heavily shelled Corregidor fortress in Manila Bay Monday and Corregidor's guns had replied effectively.

He said, however, that Japanese navy forces continued active off the Visayan sea group of islands south of Luzon.

MONDAY, MAY 4TH, WILL BE LAST DAY FOR TAXES

Miss Catherine Long, Putnam county treasurer, today called attention to the fact that Monday, May 4, is the deadline for paying spring tax installments.

Miss Long said that taxpayers had been rather slow in making payments. Only ten days remain and as a result, the treasurer's office will probably be one of the busiest places in the court house for the next week or so.

WARNING

1. Fractions ranging from 1/4 to 1/2 cup are not to be used for sugar. Fractions of 1/4 cup or less are to be used for sugar. Fractions of 1/2 cup or more are to be used for sugar.

2. This book must not be transferred. It must be held and used only by or on behalf of the person to whom it has been issued, and must not be loaned, sold, or otherwise disposed of. It must be kept in a safe place and must not be lost or stolen. If lost or stolen, the holder must report it to the Office of Price Administration.

3. In the event of the death of the holder, the book must be turned in to the Office of Price Administration.

4. Any person found to be in violation of these regulations will be subject to the penalties provided in the regulations.

OFFICE OF PRICE ADMINISTRATION

Certificate of Registrar

This is to certify that pursuant to the Rationing Orders and Regulations administered by the OFFICE OF PRICE ADMINISTRATION, an agency of the United States Government:

(Name, Address, and Description of person to whom the book is issued) _____

has been issued the attached War Ration Stamp this _____ day of _____, 1942, upon the basis of an application signed by himself or herself, or on his or her behalf by his or her husband, wife, father, mother, guardian, or other person authorized to sign for him or her.

(Signature of Registrar) _____ (Date) _____

Stamp must not be detached except in the presence of the registrar, his employee, or person authorized by him to make delivery.

Here is a photographic facsimile of the two sides of the war ration book which will be used to ration sugar in the near future. The book will be issued in a few weeks under the direction of local rationing boards. Each stamp will be used to purchase a quantity of sugar—the quantity still to be determined. The office of price administration is issuing the books.

APPLICATION FOR WAR RATION BOOK (To be filled in by Registrar only)

IMPORTANT—A separate application must be made by (or, where the regulations permit, on behalf of) every person to whom a war ration book is to be issued. The separate applications for each and every member of a family unit (see instructions to registrar) must be made by one, and only one, adult member of such family unit.

Spring Sports

(By Jim Zels)

Attention Tiger Cub fans!

For the first time in years, Greencastle high school has a track team and the boys deserve your support. Friday in this city the Cub thins clads will be host to the Glenn High cinder path aggregation from Terre Haute. Let's all turn out and cheer the efforts of the Purple and Gray athletes in this dual meet.

Yesterday, over at Brazil, the Tiger Cubs placed third in a triangular match with the Bricks and Glenn, their opponents come Friday. Brazil collected 74 points; Glenn 23, and Greencastle 13. However, Coach Chet Elson was well pleased with the work of his proteges and is expecting them to make a good showing in their next engagement.

DePauw's baseball team bounced back into the win column in the Indiana Conference race yesterday when the Tigers rapped Indiana State Normal, 8 to 6. Schussler and Bartholomew formed the Old Gold battery.

The Terre Haute team went into a 5-3 lead in the fourth inning only to have the Tigers stage a four-run spree in the fifth to win. DePauw's four runs were scored on two hits, three walks and an error. Score: Ind. State 200301000-6 9 6 DePauw 20104001-8 8 3

The three-way track contest between DePauw, Rose Poly and St. Joe, originally carded for Tuesday, was postponed at the last moment until today at the request of the latter school. Consequently, the Methodist athletic schedule this afternoon, called for the Tiger tracksters to strut their stuff against two visiting delegations who would like nothing better than to knock the local collegians for a loop.

If you will remember, we mentioned a couple of weeks ago that we liked the St. Louis Cardinals in the National league, and the New York Yankees in the American circuit, as probable contenders in baseball's Fall classic—the World Series. Well, both outfits are right in there digging, and maybe we could be right for once.

DePauw University will be host to one of six tennis clinics to be held in Indiana under the auspices of the State Board of Health and the United States Lawn Tennis Association. The DePauw clinic will be Thursday afternoon and will feature Charles Hare, Davis Cup star from England and Ruth Mary Hardwick, member of the Weidman team.

The program will include a motion picture film on "Fundamentals of Tennis" as illustrated by Don Budge, demonstrations by Mr. Hare and Miss Hardwick and some actual competition between DePauw's tennis team, Mr. Hare, Miss Hardwick and other members of their troop. The clinic will be held in Bowman Gymnasium at 3 o'clock and is open to the public without charge.

Putnam county tennis enthusiasts are urged to attend this clinic and improve their game and see two of the great tennis stars in action.

We'll be seeing you.

An Appeal Without Apology

Next week a group of earnest believers in Chambers of Commerce in general and the Greencastle Chamber in particular will take the field to enlist new recruits in this organization which has for its basic purpose the business and community development of Greencastle and Putnam county. They are not going out on a charitable campaign nor for the solicitation of funds for the promotion of the interest of any one group no matter how worthy; their purpose is one dedicated to the advancement of the community's prosperity—the prosperity of every man and woman living in our midst.

They have no apologies to make for their approach to the person who is not a member of the Chamber of Commerce and should be. This approach is in the nature of presenting an offer to assist in a worthy undertaking — an endeavor which yields a return to every individual whose basic interests are in our community.

The Greencastle Chamber of Commerce has been an effective institution, an organization that has accomplished the tasks which come within its scope. Every added bit of manpower, every additional dollar of support is converted into increased effectiveness.

Financial support of the Chamber of Commerce is not a donation. It is an investment — a business insurance that pays dividends.

I not only take this opportunity to thank those loyal workers and believers in the Chamber of Commerce who next week will give of their time to strengthen the organization, but urge that those whose interest may have been passive study the activities of the Chamber of Commerce, acquaint themselves with its functions, learn of its accomplishments.

Lois J. Arnold, President

VFW ESSAY

How I'm Helping Our Country In
Our Present National Emergency
By Bob Alexander, 9th Grade
I've enlisted!

I have a red, white, and blue badge to prove it. To get this badge I signed a pledge card as a "consumer in the total defense of Democracy." I promised:

1. To waste nothing.
2. To take care of the things I have.
3. To do my part to make my home and my country ready, efficient and strong.

I carry a paper route. Nearly all I make I put into Defense Bonds and Stamps. So far I have four \$25.00 bonds and several stamps toward another. This will help make my country "ready and strong."

At home I save everything—old iron, aluminum, tin-foil, and paper. Each Friday I help collect waste paper for the Red Cross. I even watch the food that I eat to keep my pledge to "waste nothing."

I use my bicycle to run errands for mother. It saves our car, tires, gasoline and oil. These are needed for the war. I am taking better care of my bicycle, of my clothes, and of our furniture and rugs around home. I have promised to "take good care of the things we have."

It will take every resource that

America has to win this war.
I've enlisted! Have you?

HIGH SCHOOL CONVOCATION

During the activities period on Tuesday the members of the Greencastle High School had the opportunity to enjoy a unique, educational program. William Stiles, representing the Central National Bank, showed a film entitled "A Day at the Money Store." All scenes depicting the many and varied functions of a bank were photographed in the Central National Bank of Greencastle and therefore were entirely local in nature.

In addition to learning much about a bank's manifold transactions, the audience was impressed by the great number of up-to-date devices which are used in a modern banking institution. Some of these are the following: electric adding machine, cancelling machine, recordak, proof machine, mechanical bookkeeper, teller's machine, money counter, addressograph, and several others.

NURSING SCHOOL CLOSED

To the People of Greencastle—
It is with regret that we announce that the Federal government has closed all W. P. A. Nursery schools except those in Defense areas. Unfortunately as this act is for our Greencastle Nursery school, it is easily understandable in the light of the National emergency.

We wish to express our sincere thanks to the sponsors of this project, to the teachers and other employees of the nursery school, and to all others who have contributed so generously to its success.

The funds which are left on the Nursery school account will be contributed to some worthy educational project, not yet determined.

Nothing damages and ruins a lawn so quickly as a dull mower. Not only does it leave your lawn ragged in appearance, but it literally tears the grass out by the roots, doing damage that will take an entire season to repair.

100 EXTRA DESTROYERS FOR NOTHING!

GOOD LIGHTING Can perform this miracle

Good lighting helps workers see faster and more accurately... good lighting helps save time and energy... good lighting helps cut down spoilage and accidents. We are told that presently five million men will be engaged in essential industries. If good lighting increased production only 3%... as it has in many cases... it would add 300 million man-hours to the war effort, without adding floor space, men or machines. These extra man-hours could build 43,000 light tanks, 2400 big bomb-

ers, or 100 destroyers.

And remember this—workers from industries which are putting good light to work should not go home to poorly lighted surroundings. Their eyes need the comforting effect of good light at home, too, to protect them against eye-strain and conserve their energies.

Find out how your home lighting can be modernized to "better seeing" levels by turning off decorative and unneeded lights and concentrating this "saved light" at points of actual use.
